

PRINGLE ROBOTICS

**Automating Floor Cleaning to
Improve Efficiency and
Provide Value**

Autonomous Floor Cleaning

CC1

Multipurpose Floor Cleaning Robot

HIGHLIGHTS

- Can cover 6,000-8,000 ft²/hr.
- Vacuum, mop, scrub, sweep
- Use on hard floors or low-pile carpet
- Switch between functions with one click
- One minute assembly and disassembly
- Cleaning reports provided
- Optional automatic workstation

MT1

AI Powered Robotic Sweeper

HIGHLIGHTS

- The world's first AI-powered autonomous sweeper for large-scale commercial and industrial environments
- Detects, recognizes and sweeps all types of debris through AI learning and database updates
- IoT-ready to integrate with elevators, gates and automatic doors.

CC5

Heavy-Duty 32-inch Autonomous
Floor Scrubber

HIGHLIGHTS

- Can cover up to 40,000 ft²/hr
- Double roller brushes + double side brushes for simultaneous sweep & scrub
- Wet and dry cleaning modes for hard floors
- Automatic charging and water dumping/refilling station
- 140L solution tank + 170 L recovery tank
- Long lasting operation on one charge
